BLANKA NEDVEDICKA, CZE

LIUDMILA KOLOBANOVA, RUS

I was born in July 19, 1944 in Ustue, Tverskoy region, Russia.

Our school paid great attention to sport and to a healthy way of life. At the age of 7 I participated in my first ski competition and won my first award. I also went in for skating, athletics, shooting, chess and cycling. After school I graduated from technical college and university but I never gave up sport.

After injuring my spine I learned to go and run for the second time. After recovery in 1988, I ran my first marathon in Moscow. I have participated in more than 50 running marathons up to today.

I have government awards for my work and for sport. At the moment I am a sport reviewer of newspapers "Reut" and "Moscow youth". At the end of March 2007 I realised my dream - I skied the "Laponia-Hiihto" which has a total length of 190 km. My next goals are to ski in Australia and to run on the route of the Marcialonga.

I would like to thank the mayor of our town, Mr. A. N. Hodirev and my friends for their help and financial support. I wish health and success to all sportsmen on the ski track and in their lives.
